

SOLUTIONS FOR CONSUMER ELECTRONICS

AUDIA ELASTOMERS
An **AUDIA** Company

Grasp What's Possible.™

BRINGING TECH TO LIFE.

Set your products apart from the rest. Consumer product companies want their products to be set apart from the competition.

Audia Elastomers TPE grades are non-toxic and environmentally friendly, with excellent haptics, bulge resistance, and long term aging performance. These products meet industry standards for electrical and electronic applications.

Let us help design materials with a unique feel, appearance, and performance to set your application apart. Contact the Audia Elastomers team and together, let's grasp what's possible.

Our Benefits:

- **Flame retardant properties like UL94 HB/V0/V1 halogen-free**
- **Excellent haptics soft/silky feel**
- **Excellent scratch resistance and abrasion resistance**
- **Weather resistance and UV resistance**
- **Easy to color**
- **Broad hardness range**
- **Easily process and 100% recyclable**
- **Meets FDA, RoHS, PAHs, REACH, EN71-16P standards**
