

SOLUTIONS FOR HEALTHCARE

AUDIA[®] ELASTOMERS
An **AUDIA** Company

Grasp What's Possible.™

SOLUTIONS WITH CARE.

When it comes to the highly specialized medical and personal care markets, we understand that precision and control are at the forefront.

Audia Elastomers offers several grades of TPE, with excellent clarity and a very broad hardness range in Shore OO, Shore A and Shore D. Specialty Audia Elastomers grades allow you to replace traditional thermoset and silicone rubber in many healthcare applications. Unique characteristics of Audia Elastomers TPE offer cleaner and better alternatives in medical application design and production.

Ready to collaborate? Contact the Audia Elastomers team and together, let's grasp what's possible.

Our Benefits:

- **Meets FDA, RoHS, PAHS, REACH, EN71, 16P standards**
