

Join our passionate team at LifeWorks and immerse yourself in a culture that prides itself on empowering people to be the best versions of themselves. Whether you're a patient or a provider, our vision is a world in which focusing on your mental wellbeing is recognized as a strength, getting help is easy, and every person is seen as valuable, with unique gifts. We offer a competitive salary, a congenial work environment, and the flexibility so vital to professionals who juggle multiple personal and professional aspirations. Our emphasis on community, combined with schedule flexibility, encourages transparency and mutual accountability.

## Psychiatrists - Join Our Team

### What We Offer

#### Administrative Ease

We acknowledge the weight of administrative duties. We are focused on minimizing these burdens and letting you focus on your core function - patient care and professional development.

#### Balanced Professionalism

We respect your boundaries. Our no after-hours on-call policy for psychiatrists ensures genuine downtime, letting you recharge and rejuvenate fully.

#### Committed to Your Growth and Education

Let us help you in your professional development. Receive an annual allowance to help cover the cost of your external CMEs, as well as access to psychiatric mentorship and collaboration. Together with your professional peers, you'll pursue evidence-based best practices with a group that wants and respects your input.

#### Empowered Independence

We know that you're the expert on yourself and your patients. Enjoy the freedom to practice in your own way while being part of a robust network of healthcare professionals. Explore evolving treatment modalities with a team of experts behind you.

#### Mentorship & Growth

LifeWorks is in constant pursuit of best practices in psychiatric care, giving you a prime opportunity to learn as well as contribute with your colleagues to influence the future of psychiatry.

With LifeWorks, psychiatrists don't just practice; they pioneer, lead, and transform. Our commitment is to the well-being of our patients, to the professional growth and fulfillment of our clinicians, and to providing an environment where you can truly thrive.
