Psychiatry & Medication Management

From initial assessment to ongoing medication check-ups, we can prescribe psychiatric medications for children and adults, order/interpret lab work, and coordinate care with other physicians to best serve you.

Specialty areas include:

- Depression
- Anxiety
- Panic Disorders
- Mood Disorders
- Bipolar Disorder
- Attention Deficit Hyperactivity Disorder (ADHD)
- Developmental Disabilities
- Autism
- And many more!

Our psychiatric prescribers are trained in different backgrounds and all have the same capabilities to assess, diagnose, treat, and prescribe for psychiatric disorders.
